Ring & lever arch binders

PCV Binder with silk screen printing

welded edges
product № 1.03.1

PCV Binder with offset printing

welded edges
product № 1.03.2

PCV Binder with transparent pocket

on the spine
welded edges
product № 1.03.

PCV Binder with foldable front

welded edges
product № 1.03.4

PCV Binder with allround pocket

transparent pocket covering
spine and front page,
welded edges
product № 1.03.5

PCV Binder with sealed in front and spine printed paper inserts

welded edges
product № 1.03.6

Ring & lever arch binders

PVC foldable Binder
selfstanding structure,
offset printing,
transparent pockets, welded edges

good solution for presentation and sales
product № 1.04.1

Acrilic glass Transparent Binder
acrilic plates sealed in welded transparent PVC foil
stiffness, durability and visibility

Unique Full Transparency thanks to construction.
product № 1.04.2

Aluminium Binder
made of sandwich aluminium
and polietylen composite
available different sizes, colors,
surface structures and rings,
silkscreen printing
product № 1.04.3

Polypropylene (PP) Binder
offset printing 4+4
different material thickness and colors
also silkscreen printing available
product № 1.04.4

Polypropylene (PP) Binder with handle
possible customizations of handle shapes,
nap or other closures possible
silk screen overprint
product № 1.04.5

Eco Binder -semi lamination
spine reinforced and decorated
with refined offset printed paper,
raw cardboard embossed
product № 1.04.6

Ring & lever arch binders

Eco Binder

non laminated raw cardboard surface
multicolor silkscreen overprint
product № 1.05.1

Eco Binder with LASER CUT OUT

non laminated raw cardboard surface
custom designed
laser cut and engraved shapes and patterns
product № 1.05.2

Openwork Eco Binder

cover with die-cut handle and pattern
product № 1.05.3

Eco Laminated Binder

solid cardboard core wrapped with printed paper,
raw (non laminated) edges
product № 1.05.4

Polypropylene (PP) Foil Binder

cardboard laminated with PP foil
foil available in different colors and structures
welded transparent pockets
and finger hole
product № 1.05.5

Canvas Binder

cardboard core laminated
with bindery canvas,
possible embossing or hot stamping
product № 1.05.6

Ring & lever arch binders

Paper Laminated Binder
cardboard core laminated with fine paper
product Nº 1.06.1

Suede Laminated Binder
cardboard core laminated with
suede or other textile,
corners reinforced and decorated with
brass corner ferrule
product Nº 1.06.2

Paper Laminated Binder
with polypropylene protective ferrule
on finger hole and edges
Binder may contain even two rings inside.
product Nº 1.06.3

Paper Laminated Binder with
same like laminated cardboard separators
product Nº 1.06.4

Big Size Binder
non standard, +1m long binders
stiff cardboard core, laminated with fine
offset printed paper
additional rings, polypropylene handle,
nap, magnetic or other closure
product Nº 1.06.5

**These Binders are often used
for presentation purposes.**
